Can be downloaded free on website: <http://www.powerarchiver.com/>

The printed paper rates are prepared for two sides color printing on common ink or laser printer, the resolution is 150dpi.

### **If you don't have a printer with double-sided printing, use this method to print:**

In English language you press "**File**", "**Print...**" and here you set up "**Odd pages**" and "**OK**".

After printing all the odd pages, turn the paper to print on the unprinted side, and put in back into the printer.

In English language you press "**File**", "**Print...**" and here you set up "**Even pages**" and "**OK**".
